

Welcome to Foundations @ Thurcroft

Miss Bradley- Nursery Manager

Miss Cadd- Teaching Assistant

Miss Williams- Teaching Assistant

Welcome to your new classroom, this is where you will be playing and meeting lots of new friends.

Reading garden

This is our reading garden where you can look at books in a quiet space, or make some marks at the writing table. We will have a different book every week, which we will share together every day.

Building

We have different baskets of construction materials, you can build using natural bricks, Duplo, Lego, foam bricks or make a train track. You will be able to test your own ideas or work with a friend to construct.

Water play

We will have different resources in the water tray every week; you will practise tipping, pouring, filling and emptying.

Tinking table

We have real life tools and you will learn how to handle them safely. Teachers will support you to develop your fine motor skills using the nuts and bolts, you will also learn about different types of textures and materials.

Easel

You will learn the powder paint mixing routine, and paint a beautiful picture to take home to show your family.

Mark making

You can draw using lots of different pencils, crayon, felt tips and chalk. We have themed paper, clipboards and chalk boards for you to create your drawing.

Exploring the outdoors

We explore the outdoors whatever the weather. You can make a pie in the mud kitchen, trip trap over the wobbly bridge or balance on the wooden beams. You will also be able to practise riding a bike or scooter.

We look forward to you joining us in Foundations!
